

To Whom It May Concern,

The name I chose to go by is Margaret.
I am writing this letter of my own free will without duress or coercion.

A little over two years ago I became involved with the His Advocates ministry when the mortgage company decided to foreclose on our already paid in full home.

Everyone who came on board through the ministry to help us fight the mortgage company have been very encouraging, and helpful and a stabilizing force in our life.

This in my opinion is due to the belief and faith in His or Her Higher Power.

We enrolled in the Mini Ask program and followed the directions and suggestions as best we could.

When we needed prayer, the His Advocates Team was there. Whenever the mortgage company attempted to frighten us, the His Advocates Team was there to encourage, and guide us.

Bottom line - we won. The judge dismissed the foreclosure in our favor!

We offer praise to God for this and for sending us His Advocates Team!

We fully endorse and encourage that folks sign up as VIPs and take advantage of all the material on the HisAdvocates website. Listen to the VIP calls and pass the teachings on.

I can not recommend His Advocates enough!

If you are in need of a faith based team that will work with you and not coddle you ^{further} into your own mess, then, Sis Advocate is the team for you.

Come join us on the V.I.P rolls and learn how to live in the private.

Sincerely
Margaret C.
